

NEW PhLEX VIALS

Rx Systems is introducing a new vial line that includes a dual purpose cap on a threaded bottle vial – **PhLEX Series Vials**.

PhLEX Caps give you the option of *both* Child Resistant *and* Non-Safe in one cap.

Simply press in the center of the cap to convert from CR to non-safe. It's a *SNAP*.

**PhLEX 13 Dram
Vial Sample**

In CR Mode

In Non-Safe Mode

Two cap sizes - 33mm and 38mm - *fit six vial sizes.*

33mm fits the 13 and 16 dram, while the 38mm fits the 4 larger sizes.

All caps are delivered in the Child Resistant mode and can be converted back and forth from CR & Non-Safe when the cap is removed from the vial.

(8 and 11 dram vials are available as well with a Child Resistant only cap & can be found on the order form.)

July 2020

NEW PhLEX VIALS

This dual purpose cap has been on the market for 20+ years and we are able to offer it at a discounted rate that is typically *10-15% less* than other vendors.

Rx Systems offers *5+1 pricing* on PhLEX vials.

Pricing below includes *Net pricing per CAP/VIAL*.

Vendor B and C are published prices for the same or comparable product.

	PhLEX	Vendor	Vendor	
	Net '20	B	C	
13 dr.	0.178	0.192	0.217	13 dr.
16 dr.	0.199	0.235	0.307	16 dr.
20 dr.	0.269	0.293	0.307	20 dr.
30 dr.	0.323	0.356	0.391	30 dr.
40 dr.	0.348	0.382	0.402	40 dr.
60 dr.	0.443	0.576	0.595	60 dr.

Take advantage of the Rx Systems *BOGO Stock Bag* program thru 12/31/21.
